Sanitary Protocol For TURKEY

This document is based on the current sanitary requirements provided by the Turkish Government and on the LOC and UWW recommendations.

You can find the original document of the decisions made in 10.01.2022 about the entrance to Turkey;

http://www.istanbul.gov.tr/kurumlar/istanbul.gov.tr/il_Hifzissihha_Meclis_Karari_No_1_2022_.pdf

Be aware that the following information is the translate of the document given.

I. Travel Information

Botswana, Republic of South Africa, Mozambique, Namibia and Zimbabwe, Brazil, Nepal, Sri Lanka, Bangladesh, India and Pakistan;

- Negative PCR test results obtained maximum 72 hours before entering our country from persons who came to our country from **Botswana, Republic of South Africa, Mozambique, Namibia and Zimbabwe, Brazil, Nepal, Sri Lanka, Bangladesh, India and Pakistan** or who were found to have been in these countries in the last 14 days. submission is requested.
- Those who certify that they have had at least **two doses (single dose for Johnson & Johnson) of the vaccines** approved for emergency use by the World Health Organization or our country, and that at least **14 days have passed since the last dose**, are exempted from quarantine when entering our country.
- Those who cannot document that they have received at least two doses (single dose for Johnson & Johnson) of the vaccines approved for emergency use by the World Health Organization or our country, and that at least 14 days have passed since the last dose, are **quarantined for 7 days** at their residence or at the addresses they will declare.
- Persons older than 12 years old and younger than 18 years of age who will enter our country on condition that they travel from the specified countries with their parents, will be admitted to the flight with a negative **PCR test result 72 hours before**, PCR test will be applied again at their residence for these people, those with negative PCR test results will be exempt from the quarantine application.

Iran, Egypt;

- Persons coming from **Iran and Egypt** are required to submit a negative PCR test report maximum **72 hours before entry**, and a **vaccination card showing that they have had at least two doses (single dose for Johnson & Johnson)** of vaccines approved for emergency use by the World Health Organization or our country. **14 days must have passed** since the last dose.

Afghanistan;

- The period of mandatory quarantine for people who came to our country from Afghanistan and those who are understood to have been in these countries in the last 14 days will be applied as 10 days. If the PCR test applied on the 7th day of the quarantine is negative, the mandatory quarantine application will be terminated. If the PCR test is positive, the Ministry of Health will act in accordance with the COVID-19 guide.

Those coming from other countries other than those listed in the first 3 articles;

- For the travelers that they have had at least **two doses (single dose for Johnson & Johnson) of the vaccines** approved for emergency use by the World Health Organization or our country, and that at least **14 days have passed** since the last dose and/or that they have had the disease within the **last 6 months**, starting from the 28th day of the first positive PCR test result. If the document issued by the relevant country's official authorities is submitted, a negative PCR/rapid antigen test report will **not be requested. Quarantine measures will not be applied for these people.**
- In the event that the vaccination certificate or documents proving that they have had the disease cannot be presented when entering our country from these countries, a negative PCR test report made maximum **72 hours before the entry** or a negative rapid antigen test result made within a maximum of **48 hours from the entry** will be requested.

Within the framework of the above articles, documents such as vaccine certificate, PCR/Antigen test result to be requested at the entrance to our country should be checked by the carrier company in the country of departure for passengers arriving by air and sea, and passengers arriving by land/railway public transport, The carrier company must bear the

responsibility that arises due to the provision of transportation and the acceptance of those who do not have a document on the voyage.

For the passanger that arriving to Turkey must fill the Turkey entrance form in the link below;

- <https://register.health.gov.tr/>

II. In Case Of Inflection

- For the countries: **Botswana, Republic of South Africa, Mozambique, Namibia and Zimbabwe, Brazil, Nepal, Sri Lanka, Bangladesh, India, Pakistan, Afghanistan, Iran and Egypt;**

Those who cannot document that they have received at least two doses (single dose for Johnson & Johnson) of the vaccines approved for emergency use by the World Health Organization or our country, and who cannot document that at least 14 days have passed since the last dose, will be quarantined for 7 days at their residence or at the addresses they will declare, and quarantine will be terminated at the end of this period.

- By the Ministry of Health, people who will enter our country from all our border gates can be subjected to PCR testing on the basis of sampling at their destination, In this context, people will be allowed to go to their final destination after the test samples are taken, and if the test results are positive, their isolation and treatment will be carried out in line with the Covid-19 guide of the Ministry of Health.
- In case of any unwanted Inflection in the competition, The medical team that is assigned for Covid 19 protocol and the Turkish Wrestling Federation's authorities will isolate the participant and contact to the Local Authorities and the Health Ministry's rules for Covid 19 will be held.
- In case of inflection or the suspicion you can contact to the National Federation official;
 - Mr. Osman Senol (+90 533 133 98 41)

III. Approved Vaccines for Entrance to Turkey;

Currently, **Turkey accepts all vaccines** when it comes to international travelers. There is no requirement for travelers to have any specific type of COVID-19 vaccination. The rules simply state that individuals who were **fully vaccinated 14 days or more before arriving** in Turkey may enter (Some countries that has stated in the **Article number I** might need vaccination card and also PCR test, please make sure to clarify what you country needs to enter to Turkey.). To have advantages of vaccination, You need a formal document designed by government authorities that is showing you are fully vaccinated. **Please contact** to your flight provider company or the government embassy for more specific information about your travel conditions.

IV. Others

- All participants will have to wear masks indoors and respect the social distance.
- All the documentation will need to remain at the participants in case of Local Authorities need them in Daily life in the city.
- In case of any positive test immediate measures will be ordered at a dedicated place and treatment will be provided and covered until recovery.
- Sanitizers and masks will be provided by the LOC during the championship.
- All places (transports, hotels, training place, competition hall, etc.) will be carefully disinfected several times per day.
- Competition mats will be disinfected regularly.
- Respect of all instructions required later by the LOC.
- The LOC Medical team will consist of regular doctors for competition injuries and a Covid-19 specialist team.

V. Arrival and Pre-Departure Testing

On the Arrival, the National Federation of Turkey will use fast antigenic tests to make it clear that we are having a Healthy organization.

On the other hand, PCR tests and results before departure for all participants are planned UPON REQUEST so that no one is placed in isolation in their country upon return.

Cost: Will be determined in the following days but approximately 80 Euros.

VI. Sanitary

- Participants will need to Show their fast antigenic test results that is planning to be made at arrival by Turkish Wrestling Federation in Accreditation.
- Liability: Participants must understand and sign that they release, waive, discharge the UWW and the Turkish Wrestling Federation, from all liabilities, claims, demands, actions, and causes of action whatsoever, directly, or indirectly arising out of or related to any loss, damage, injury, or death, that may be sustained by the participant related to COVID-19 while participating in the Senior Yasar Dogu, Vehbi Emre&Hamit Kaplan International Ranking Series while in, on, or around the premises or while using the facilities that may lead to unintentional exposure or harm due to COVID-19.
- All the medical expenses related to COVID-19:
 - For licensees - are explained on the following link:
<https://unitedworldwrestling.org/governance/accidentillness-insurance-emergency>
 - For all participants not licensed by UWW all the expenses related to COVID-19 issue (tests, treatments, isolation, quarantine, hospital, etc) must be covered by the Federation of the participant.

What to do during competition;

- ❖ Before entering to the competition hall, use of facemask of all participants will be monitored which is a rule from Turkish Authorities.
- ❖ Anyone who is unwell and experiencing respiratory symptoms must contact the COVID-team or LOC officials.
- ❖ Mats (warm-up area & competition) will be cleaned and disinfected regularly
- ❖ **Every participant but except the competitors wrestling in the mat must wear face masks.**
- ❖ Special medical room will be available for COVID team and in case of possible isolation.

VII. CONSEQUENCES FOR NON-COMPLIANCE

- Any wrestler or other participant taking part in the competition is deemed to adhere and comply with all the measures (and their consequences) put in place to protect the health of all participants.
- Any refusal to comply, tampering or dissimulating any information about the health of an athlete or other participant will sanctioned accordingly. The organizing committee reserves the right to bring civil or criminal proceedings against any participant at fraud with the sanitary protocols in place.

It is the top priority of the National Federation of Turkey and United World Wrestling to keep everyone safe and healthy, therefore Organizers will be in close contact with the local authorities and comply with all the rules and regulations and ask everyone for a full cooperation.

We are very grateful for any suggestions or different opinions, which would contribute to the safety of the participants' health and the success of the tournament.

Every team leader must check the actual governmental restrictions and situation upon entry to Turkey and returning home.

In case of any question do not hesitate to contact the Turkish Wrestling Federation officials. This document may be adjusted from time to time, subject to the evolution of the pandemic.

What can be done to lower your risk of becoming infected with COVID-19?

- 1.** Avoid close contact with people who have or appear to have an Acute Respiratory Illness.
- 2.** If you are experiencing symptoms of an upper respiratory infection, practice “cough etiquette” (i.e. maintain distance from others, cover coughs and sneezes with a hand, flexed elbow or disposable tissue). Request others in your company to do the same.
- 3.** Wash your hands frequently with either an alcohol-based gel or soap and water, especially after direct contact with ill people or their environment.
- 4.** Wear disposable nonsterile gloves when touching potentially infectious materials.
- 5.** The use of face masks.
- 6.** Patients, who experience upper respiratory symptoms, and then they develop any kind of respiratory difficulty (i.e., shortness of breath, chest pain etc.) are strongly advised to seek immediate, or very prompt, medical evaluation and treatment.
